Subject: Flock Audit for November 2022

Sgt. Logan,
On 12-06-22, I conducted a Flock Audit per Policy 428.5 (c) which reads, "ALPR system audits should be conducted on a regular basis."

Flock currently shows we are sharing cameras with Lompoc PD, San Luis Obispo PD and San Luis Obispo Sheriff's Department.

I conducted a spot check of 11-30-22
2137 Hrs. Officer searched two plates with reason listed "13476" Checking case SMPD22-0013476 it was a 20002 VC report and both plates appear in the report
2104 Hrs. Officer searched for a plate with reason listed "10851" CLETS now shows that plate as a recovered vehicle
2052 Hrs. Officer searched two plates with reason listed "sv". CLETS now shows both plates as recovered vehicle
1824 Hrs., Dispatcher searched for vehicle description with partial plate. Reason listed "79379". Checking dispatch incident numbers, this is a 20002 which just occurred.

Scanning other dates in November, case numbers are being provided in many of the Search Reasons, but others include "Test", "SV", "stolen", "487"

I did not download or save this information. This email serves as documentation of the audit.

(Is this information sufficient? Too Much? Too vague? What other info would you like to see for the audit?)
Thank you

Corporal Stephen L. Best
